

Santa Barbara Unified School District Board Policy

Certificated Personnel

BP 4124

SUMMER SCHOOL

The intent of the district is to provide summer school to the extent allowed by the funding received. The summer school program will be designed to provide both remedial and enrichment classes for students.

Summer school will be held on designated campuses in the district. It shall be the responsibility of the site administrators at each designated site to administer the summer school program.

The intent of the district is to select qualified teachers on as equitable a basis as possible for summer session staffing.
